

GERMAN SUBMARINE U-8 SUNK BY BRITISH

Crew Landed at Dover, England, From a British Destroyer This Morning

More Turkish Forts in the Dardanelles Have Been Silenced By the Allied Fleet

(Special to The Herald)

Dover, England, March 5.—Twenty-nine officers and men of the German submarine U-8 were landed here from a British destroyer this morning. The submarine was sunk off Dover by a British flotilla at 9 o'clock last night. Until the announcement of the landing of the destroyed submarine's crew was given out it was supposed that the vessel had been sunk by a French craft as the first announcement was made by the French minister of marine.

The submarine U-8 was built in 1908 and was a vessel of 300 tons displacement. She had a speed of 13 knots above water and 8 knots submerged. She was a sister boat to the famous U-9 which early in the war sank the British cruisers Hogue, Aboukia and Cressy in the North Sea and in October sent the British cruiser Hawk to the bottom.

London, March 5.—Ten allied warships took part in yesterday's bombardment of the Dardanelles forts. Landing parties found the works already silenced were practically razed by the heavy fire of the battle ships.

The Admiralty last night issued the following statement regarding the operations in the straits:

"The attack on the fortresses in the

Dardanelles continued yesterday (Wednesday). The Admiralty has not yet reported on the results obtained within the straits. Outside, the Dublin demolished an observation station on the Gallipoli Peninsula and the Sappho bombarded guns and troops at various points in the Gulf of Adramytti.

"Six modern field guns at Fort 13 have been destroyed, bringing the total number of guns demolished up to forty. French battle ships bombarded the Bulair forts and wrecked the Kavak bridge."

A dispatch to the Reuter Telegram Company yesterday from its correspondent in Athens said:

"The bombardment of the inner forts of the Dardanelles was resumed on Thursday morning. Ten big war ships

took part in the operations. According to a British officer only two of the Turkish forts remain intact. Allied landing parties found the charred bodies of soldiers in the damaged forts, showing that the Turks had burned their dead before evacuating these positions."

(Special to The Herald)

London, March 5.—The gigantic naval action by which the Anglo-French fleet is trying to force the Dardanelles and open up the way to Constantinople, has been extended until now the engagement stretches along the coast of Asia Minor and along the coast of the peninsula of Gallipoli, fronting the Aegean Sea.

A dispatch from Athens states that the French cruiser which bombarded Arsuz, in the gulf of Alexander, and a battleship which cannonaded Sidon, both did extensive damage. While the warships inside the Dardanelles were pounding away at the inner forts, the British warship Dublin shelled and destroyed a Turkish observation station on the peninsula of Gallipoli, and the warship Sappho bombarded a Turkish concentration camp inland from the gulf of Adramytti, putting the troops to flight. French battleships attacked Fort Bulair and destroyed a bridge over the Kavak river, preventing troop movements in that vicinity.

A reign of terror is said to prevail in the city of Constantinople, and it is reported that the Sultan has left the city for the interior of Asia Minor.

TAXES WILL BE INCREASED

Only Relief Would Be a Cut
in Appropriations.

Unless the city council cut the appropriations made this year, it is certain that there will be quite a jump in taxes. This is due to the increase in the county taxes on account of the loss of about six million dollars of taxable property in the town of Windham. When the appropriation bill was passed, the finance committee had not received the warrant for the county tax which they understood would be slightly higher than 1914. It was estimated that fifty cents increase on the thousand would cover it on the present appropriation, but it now looks like an increase of \$1. Local officials are of the opinion that the big end of the deal is on Portsmouth and if the other towns of the county were to pay their proportionate part this city would not be obliged to meet such a big increase. The appropriation this year for Portsmouth was \$8,000 more than in 1914.

BIG STORM COMING EAST

Chicago, Ill., March 5.—Heavy snow which started to fall yesterday in the Mississippi Valley and the region of the Great Lakes, continues today with out any let-up. The stormy weather is slowly working its way eastward. From the Canadian line to Oklahoma the wind has shifted the snows into the railroad cuts and traffic is greatly delayed. The depth of the snow varies from four feet in Nebraska to one foot at Kansas City.

Hoosier Kitchen Cabinets

For a single dollar right now, you can have "White Beauty," the famous Hoosier Cabinet, put into your home at \$2.50 less than even the low cash price fixed by the Hoosier Company; balance in small weekly dues of \$1.

You can search the whole world and find nothing that saves so much labor in your kitchen. All the old features that have made the Hoosier famous in 800,000 kitchens are retained, but the new features along that are added, without extra cost to you, are equal in themselves to the entire convenience of the average kitchen cabinet.

Here are some Exclusive Hoosier Conveniences. They will save you, records show, millions of steps.

The Remarkable Flour Bin

You can judge the whole cabinet by the remarkable flour bin alone. This bin, all high-grade metal, is so smooth inside no flour can stick. Dust can't get in. The top is low—easy to fill. Entire top slides off for filling. The big sliding glass panel in front keeps contents visible—makes cleaning easy.

The new shaker sifter—a Hoosier patent—is a wonder. New principle entirely. Shakes flour through; doesn't grind it. Can't wear out. Can't grind grit through. Cleans the flour it sifts. Makes it fluffy and light.

Like the rest of the cabinet, every detail of this bin is perfected.

The "Earn-a-Dollar" social held in the vestry of the Second Methodist church on Thursday evening under the auspices of the Ladies' Aid was very successful. There was a large attendance and the proceeds were very satisfactory. Each one who had earned a dollar told how he or she did it, in poem or story, and it was very interesting and amusing to learn how some secured the desired dollar. Mr. Rufus Adams earned his money by catching smelt at Great Bay, and selling them, and the details of his fishing expedition were very amusing. Other interesting ways were told by Mrs. Elmer Hall, Rev. A. J. Hayes, and Mr. P. N. Brown. Refreshments of hot chocolate, fancy wafers and ice cream were served. Mrs. Arthur Baker and Mrs. Harlow Parsons acted as purveyors.

Mr. Norman Chick is substituting as baggage-master at the Boston and Maine station at the Junction during the absence of Carl Tibbatts who is confined to his home in Brixham on account of illness.

There will be something doing every minute at the meeting of Constitution Lodge next Tuesday evening, March 9th. At 7 o'clock the annual meeting of Constitution Aid Society will be called to order for the election of a board of trustees, the report of treasurer for the year, and for any other business that may come before the meeting. Constitution Lodge will convene at 7.30 sharp. The work of the evening will be the conferring of the first rank upon candidates, followed by a banquet under the direction of

Faneuil Hall Markets.

The tour of the market district has been arranged to give the producers actual knowledge of marketing conditions and methods, and to bring producers and distributors together in closer contact and acquaintance. Poultry raisers will see just how the fowls are prepared for the market, how eggs are candied and tested. Apple growers will have a demonstration of apple packing. Talks on butter marketing, with demonstration of butter grading and packing, will be the feature at another place. And so with the various produce represented at all the establishments visited.

At the regular session of the Federation in Faneuil Hall beginning at 9.30 o'clock, President Bowen will give his annual address. Then there will be half-hour discussions on various topics of practical interest to agriculturists.

Professor E. L. Morgan, of the Massachusetts Agricultural College, will speak on "State and County Policies for the Development of Agriculture and Country Life."

Sumner R. Baker, County Agent for Franklin County, Mass., will report "Actual Achievements of One Community."

Dr. Thomas N. Carver, the Harvard Economist, who spent last year in charge of the rural organization service of the United States Department of Agriculture, will discuss "Necessity for Organization of Agricultural Interests."

Frederic S. Snyder, a wholesale produce dealer of Boston, will speak on "Receiving and Distributing Farm Products."

The election of officers for the new year will follow. A buffet lunch will be served at 12.30, and at 1.00 the tour of the market district will begin. It is scheduled to occupy three hours.

Richard M. Bowen, President of the Federation, who was elected at the meeting in Boston last March, is also Chairman of the Executive Committee of the Rhode Island State Grange, and prominent in progressive agricultural development in Rhode Island.

Leon S. Merrill, the Vice President of the Federation, is Director of the Extension Service of the University of Maine. He is very closely allied with the rural progress movement in that state.

James A. McKibben, Secretary-Treasurer of the Boston Chamber of Commerce, is Secretary of the Chamber's Committee on Agriculture. He has been very active in forwarding various movements for agricultural advance in the six states, and is cooperating heartily with the other organizations in the New England Federation for Rural Progress.

WOMAN ARRESTED
IN MALE ATTIRE

Husband and Wife Driven to Tramping by Lack of Work.

Rochester, March 4—A woman masquerading as a man, and a male companion were detained today by City Marshal Charles W. Cook, who took them into custody as they were walking on the railroad track toward Somersworth. The woman answered the description of a runaway girl for whom the city marshal had been searching, but he found that his prisoner was not the much wanted girl.

The couple declared they were husband and wife, were out of funds and as they were tramping, thought they would attract less attention on the road if the woman dressed as a man. City Solicitor Justin A. Emery investigated and found that the couple were really married, hence they were released from custody.

MEETS DEATH IN
WALKING TRACK

James Raynard Killed Near Dover Station.

Dover, March 4—James Raynard was struck by a freight train on the Dover and Lakeport branch about 2 miles from this city between 7 and 8 o'clock this morning and killed instantly. Raynard was walking the track. When the train crew found him, both feet had been severed and his head was crushed. Medical Referee Dr. Walter J. Roberts was summoned and ordered the body removed to the undertaking rooms of J. A. Grimes and Sons.

James Raynard had been for some time an inmate of Stratford county farm. He was a man of about 60 years of age. He was born in England. He is survived by a brother in Tilton; a brother in Maynard, Mass., and a sister in South Berwick, Me.

A CHILD DOESN'T
LAUGH AND PLAY
IF CONSTIPATED

If peevish, feverish and sick, give "California Syrup of Figs."

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breathless, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle laxative and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

TO HAVE PROPER RANK FOR FLEET COMMAND

(Washington, March 4)—With commanding officers of the American battleship fleets now to be ranked as admirals and vice admirals, the American navy no longer will labor under the handicap of having to take orders from commanding officers other than its own, whenever joint operations are held with navies of other nations. In a statement on the naval bill just passed by Congress and which he regards as the most generous ever enacted, Secretary Daniels says that the creation of the ranks of admirals and vice admirals will give the American navy the position to which it is entitled. Heretofore the navy has not had such position during joint operations, because other countries, some of them with much smaller navies, have given higher rank to the commanding officers. The new ranks are to be conferred upon officers only so long as they can command afloat, and not permanently.

In addition to authorizing the five dreadnoughts, this Congress granted three seagoing submarines, to cost \$1,500,000 each; twenty-three coast defense submarines, to cost about \$500,000 each; twelve torpedo-boat destroyers, about \$300,000 each; and a fuel ship, to cost \$1,000,000. The total appropriation for increase of the navy authorized by the Sixty-third Congress is \$85,145,535, an increase over the Sixty-second Congress of \$30,250,466.52. To this should be added \$1,000,000 for aviation and \$500,000 for

Get At the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't care feeling, no ambition or energy, trouble with undigested food, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

GAMBLING ON THE WEATHER

Albany, N. Y., March 5—Twenty-three hundred dollars profit a day on the weather sounds like easy money. That is the rake-off said to be made daily by a syndicate operating from Albany, which makes pools on the weather. This concern sells an average of 20,000 tickets each day, pays out \$700 in prizes and pockets the balance—\$2,300.

Gambling on the weather has become an institution throughout a great part of the United States. Every body knows that the weather over this broad country is uncertain and that to bet on it is a real gamble. Yet at least two syndicates in New York state are making a profit out of weather pools.

The syndicate here is operated by the same gentlemen who give the public a chance to bet on baseball games. In summer the syndicate is usually on the sunny side of East Street, no matter what the temperature, which usually is zero for the betters.

In the weather pool, the system is much the same as in the baseball pool.

The English Lloyd's has long been betting on the weather, in a sense. If rain on a certain day would mean a financial loss, Lloyd's for a small premium, will insure against rain on that day. But these weather pools are entirely new; only those who buy tickets in them and the syndicates' numerous agents are supposed to know of their existence but it is possible that the police of certain cities know.

Those who buy tickets do so blindly.

In the 15 cent pool there is handed out or sent to a player a sealed envelope containing a card on which are the names of four cities from this list:

Atlantic City, N. J.; Buffalo, N. Y.; Boston, Mass.; Cleveland, O.; Chicago, Ill.; Charleston, S. C.; Des Moines, Ia.; Denver, Col.; Detroit, Mich.; Eastport, Me.; Galveston, Tex.; Kansas City, Mo.; Louisville, Ky.; Milwaukee, Wis.; Montgomery, Ala.; Memphis, Tenn.; New Orleans, La.; New York, N. Y.; Pittsburgh, Pa.; Portland, Ore.; Phoenix, Ariz.; Rosewell, N. M.; Raleigh, N. C.; San Diego, Cal.; San Francisco, Cal.; Savannah, Ga.; St. Louis, Mo.; Salt Lake City, Utah; Syracuse, N. Y.; Tampa, Fla.; and Washington, D. C.

The weather gambler must take the ticket sent to him in the sealed envelope. On it he writes his guess as to what the temperature will be the next day in the four cities the names of which it bears.

First prize goes to him whose four correct guesses form the highest sum total in a given pool. Reports of the Weather Bureau at Washington decide the pools.

The first prize given by the Albany syndicate is \$150; the second prize \$75; third \$50; fourth \$25; fifth \$20; sixth, \$25; seventh \$30; eighth, \$25.

A POSTAL SURPLUS OF \$3,500,000 TO TREASURY

Washington, March 4—The Treasury Department has received a check from Postmaster General Burleson for \$3,500,000, representing the surplus in the revenues of his department for the fiscal year which ended June 30, 1914. For the fiscal year of 1913, the postal revenue surplus was \$3,800,000, which also was turned over to the Treasury. In acknowledging the receipt of the check, Secretary McAdoo said these payments were the first representing actual surpluses made by the Postoffice Department since 1886.

Dover city government will open bids this week for a new fire truck to cost approximately \$5,000.

RHEUMASALTS IS FINE FOR TORPID LIVER

Learn How to Secure Quick, Safe Relief

The liver is the largest gland in the body, weighing nearly four pounds. Its main purpose is to aid digestion and make glycogen for the body. So it is important to keep it working right.

If your liver is lazy and your kidneys clogged with a dull ache, you need the scientifically blended and chemically pure Rheumal salts.

Lame back, shooting pains, tired feeling, dizziness and nervousness simply mean that your liver and kidneys are clogged with impurities and that poisonous uric acid is retarding their work of aiding the digestive functions and filtering the blood.

If your liver needs flushing and your kidneys are not working right, ask your druggist for about five ounces of Rheumal salts. Take two teaspoonfuls in a glass of water before breakfast each morning and in a few days all the pains in your back will be gone and you will feel as "fine as a fiddle."

Rheumal salts is a delightful carbonated drink that cleans out the stomach and intestines, eliminates toxins and poisons and leaves the intestinal canal clean and sweet. It is a uric acid solvent and acts as a saline laxative. Acts quickly without griping or nausea. Fine for growing children.

If your druggist cannot supply, apply for, write to The Rheumal Co., 28 Lincolnville, N. H. 25c, 50c and \$1.00 Bottles.

SENATE KILLS CAPITAL PUNISHMENT BILL

Concord, March 4—The house committee on judiciary reported favorably this morning a bill which provides for the employment of prisoners on public highways and other public works of the state. This bill gives the county officials the right to contract work to be done on the highways and public works of the state by the prisoners in the county jail and county farm.

Under its provisions all over \$1 per day in wages goes to the family of the prisoner, if he has one. If he has no family, the amount over \$1 may be reserved and given to him at the completion of his sentence.

This bill was unanimously passed by the house.

Much to the surprise of the senators and the public in general, House Bill No. 513, abolishing capital punishment, came from the senate committee on judiciary today with a unanimous vote that it was inexpedient to legislate.

Before action was taken on the report of this committee Senator Musgrave of Hanover moved that both the bill and report be made a special order for consideration at 11 o'clock a. m., Thursday, March 11, and the senate so voted.

The bill to provide for the incorporation of trust companies and other trust corporations passed the house this morning.

The house voted to kill the senate bill which provided for the election of one selectman each year, making a continuous board.

The bill passed the house this morning reorganizing the police commissions of the several cities and towns, including that of Manchester. Rep. Brennan of Peterborough and Combs of Manchester made speeches against the proposition. Rep. Couch of Concord spoke in favor of it. The bill passed without division.

Under a suspension of its rules the senate today took favorable action on House Bill No. 393, which gives authority to the city government of Manchester to exempt from local taxation for a term of years the proposed new hotel to be erected in that city.

The house committee on public improvements reported favorably this morning the bill changing the outlet of the highway to the Massachusetts line through the towns of Londonderry, Derry, Windham and Salem, from the Mammoth road to the Nutt road.

On motion of Representative Nelson of ward 5, Manchester, this matter was made a special order for Wednesday next at 11.03 a. m.

The laws of the state pertaining to the militia have been amended by action of the senate in passing the following bill:

Chapter 102 of the Laws of 1909 is hereby amended by striking out of said chapter 102 the following: "Section 86. An enlisted man who continues in service after the expiration of his term of enlistment or re-enlistment shall, in case he desires a discharge, give thirty days' written notice of application therefor to the officer authorized to grant the same, and such officer may, in his discretion, grant such discharge forthwith, or hold the same until the expiration of thirty days. Every enlisted man shall continue to be held to duty, retain his rank, and be eligible to promotion after the expiration of his term of enlistment, so long as he, or the commanding officer of his company, omits to apply for his discharge."

The senate has concurred with the house in the passage of the following bill relating to agents of insurance companies.

Section 1 Section 7 of chapter 169 of the Public Statutes, as amended by chapter 89 of the Session Laws of 1907, by chapter 61 of the Session Laws of 1911, and by chapter 161 of the Session Laws of 1913, is hereby amended by adding to said section the following words:

"The term agent in this section shall include an acknowledged agent or person, partnership, association or corporation, who shall in any manner aid in transacting the insurance business of any company authorized to transact business in this state by negotiating for or placing risks or delivering policies or collecting premiums."

holes had to be chopped in the roof. The principal damage was in the upper part of the house, the roof is badly burned and the upper rooms and the lower part of the house was flooded.

The furniture in the Walker half was badly damaged by fire and water, but in Gray's side the furniture was taken out and only that in the upper rooms was damaged to any extent.

The fire loss on the house is about \$1500 and on the Walker furniture at least \$500 more.

Mrs. Walker has several roomers, and they all had personal losses from water and smoke.

Retain the Poll Tax.

In an address in a New England city a few days ago a believer in the single tax theory advocated the abolition of the poll tax. He declared that this tax should be abolished "because of its disproportionate and unjust burdens upon those without property," and because of the expense of collecting it, which he showed to be 61 per cent. in the city in which the address was delivered. The speaker advanced the well worn argument that practically all taxes are paid by non-property holders in the form of rents and prices of commodities, and contended that for this reason the poll tax should be done away with.

That people who do not own property pay a share of the taxes in an indirect way is true. It is a fact that so-called non-taxpayers should appreciate to a greater extent than they do, as with a possession of that knowledge they might be less anxious and clamorous for fat appropriations than they are. It is notorious that in practically every city and town the men who pay poll taxes only are the most insistent upon large appropriations and the "slinging" of the public money, in the belief that such a course "makes business" and redounds directly to their own benefit.

While it is true that all have to pay taxes, directly or indirectly, the exaction of a poll tax cannot justly be called burdensome when there is taken into consideration the benefits and advantages enjoyed by those who pay poll taxes only. They have the benefits of the schools, the public libraries, playgrounds and parks, of well kept and well lighted streets and the protection of the laws. Any man, especially one having a family, who objects to the payment of a poll tax under such conditions is extremely lacking in appreciation and unworthy of the privileges he and his family enjoy.

No more should be heard about the abolition of the poll tax. The payment of this small tax by men owning no taxable property should be regarded as a privilege rather than a burden, and to their credit be it said that most of them are doing less complaining than the restless agitators who are constantly on the lookout for an "issue."

Where the collection of poll taxes is too expensive the fault rests with the city or town. The law provides for the collection of this as well as other taxes, and should be invoked when necessary. There is no injustice in the poll tax, and the proposition to abolish it is contrary to common sense and common justice.

There is an old saying, "Starvation brings people to terms," and just now England, which has always been very particular about the height of her soldiers, is discovering that short men are equal, if not superior, to their taller brothers for military service. Old timers will recall that before the end of the Civil war Uncle Sam gladly accepted volunteers with physical defects more glaring than those of thousands of men who were thrown out at the time of the draft.

David Lloyd-George intimates that if Germany should be victorious in this war the United States would be the next nation to measure arms with her. But it is a long way from Germany to the United States, and if our people will behave themselves, as the great majority of them are disposed to do, it will be a long way to war between them and any other country.

There is reported from Washington a new discovery, with the claim that it will enable oil refiners to increase their output of gasoline 200 per cent. Automobilists will be interested to know if there will be a corresponding decrease in price.

The extensive purchase of war automobiles by the United States and foreign governments, in addition to the regular run of business, leaves at least one great industry in no condition to complain of the effects of the war.

A Maine high school boy has been accidentally shot dead by a schoolmate on the "rifle range in the basement of the school building." Is the time at hand when it is necessary to have a rifle range in a high school house?

Photo by American Press Association.

This is a picture of the George Washington memorial at Washington as it will appear when completed. Ground for it has just been broken, and work on the \$2,000,000 edifice will now be pushed. This amphitheater will seat 6,000 persons when finished. It will be built of marble and will be ornate in design. It will be located on Army square. Congress has given \$500,000 for the structure, and the George Washington Memorial association is raising the remainder. The building will be used for conventions and other assemblies, and Washington relics will be stored there.

THIRTY-THREE JUSTICES NAMED BY GOVERNOR

Several Appointments of Felker Are Retained--No Change For This City at Present.

Late on Thursday afternoon Governor Spaulding named thirty-three new police court justices under the new bill just passed in the legislature. Twenty-one of the Felker appointments are retained, mostly owing to contests among several candidates in cities and towns. No change is made in this city where Judge Torrey is a candidate to succeed himself, besides three others seeking the appointment here.

Governor Spaulding's nominations are:
 Merrill, J. Howard White, Justice; Walter W. James, special justice; Conway, James W. Olson, Justice; Tolman B. Pfield, special justice; Claremont, William E. Kinney, Justice; Ira G. Colby, special justice; Derry, Herbert L. Grinnell, Justice; Edwin B. Watson, special justice; Doyer, William E. Nason, Justice; Dexter, Henry A. Shute, Justice; Farmington, Arthur H. Wiggin, Justice.

Franklin, Omar A. Towne, Justice; Clyde C. Brown, special justice; Gorham, Harry G. Noyes, Justice; Elsie H. Cady, special justice; Hanover, Harry D. Barton, Justice; Russell T. Bartlett, special justice; Hillsborough, Samuel W. Holman, Justice; Ralph J. Smith, special justice; Keene, Lewis W. Holmes, Justice; Charles H. Madden, special justice; Laconia, Oscar L. The Dollars We Get and Give

Some one has said that the dollars we get are small but the dollars we spend are always large. And the lesson seems to be "Get your money's worth." This means buying with knowledge of goods, markets and prices. And the great business educator is the advertising in daily newspapers. And the further lesson is to "Get what you ask for." When you call for a definite article by name, remember it is your money you are spending. Don't take a substitute, and then the storekeeper who habitually offers things "just as good."

BUSINESS MEETING OF GIRLS' CLUB Plans Made for Whist and Bridge Parties.

The Portsmouth Girls' Club held their regular monthly business meeting at their rooms on Thursday evening with a large attendance.

It was voted to run whist parties during the month on several evenings and also another bridge party in the afternoon sometime during the month. It was also voted to hold the regular monthly supper and new committees were chosen to serve during the month. It was voted to change one article of the constitution, which was unanimously passed and the amendment now reads that "no girl can become a member of the club until after she has become sixteen years of age."

It was voted to have a story telling hour at the club on Sunday afternoon and a week from Sunday, Mrs. L. B. Miller of Filene's store, Boston, will give a talk on "Spring Clothes and Clothes Planning."

It was undecided whether or not to conduct millinery and cooking classes this spring.

All members are looking forward to the presentation of the annual club play on March 17.

ALDERMEN PROTEST AGAINST REMOVAL

New York "Pols" Make Good Thing Out of Marriage Bureau.

New York, March 4.—The proposal once made whether in jest or earnest has never been determined, to change the name of Arkansas, never drew from the late fire eating Jefferson Davis of that sovereign state, a more bitter or denunciatory protest than the suggestion that the New York Marriage Bureau be moved from historic New York city hall to the newer and more ornate Municipal building, has evoked from Alderman John J. "Happy Jack" Riordan.

Somebody, or something, most likely it was a newspaper, made the assertion that the dark and dismal basement of the old city hall was not a cheerful and fitting place for the abode of Hymen. Since Father Knickerbocker, it pointed out, has a brand new skyscraper for his very own, with plenty of bright and airy rooms, it would be more appropriate to have the Marriage Mart, in the new quarters.

Some of the aldermen agreed that this was so. But not all of them. The notable exception was Happy Jack Riordan of the Twentieth Assembly District.

It is a foregone conclusion that the fight in the board of aldermen over the doing away of the marriage bureau in the city hall will be one of the liveliest ever held.

At present the bureau is conducted by two men designated by the City Clerk. But to perform the service they must have an alderman, so Happy Jack is called in. In Brooklyn and the other boroughs the aldermen find merrymaking companies profitable, and the attempt to take it away from them, undoubtedly will be bitterly resented.

Those in charge of the marriage bureau are not permitted to ask for fees. The rule is that they must state that any money given for services or for certificates of marriage must be given voluntarily. However, the marriage certificates are so beautifully gotten up with gilt and plastered with huge impressive seals that they are sure to loosen the purse of any happy bridegroom.

No clergyman in the United States, probably has to his credit having joined in wedlock, half as many people as Happy Jack. That is one reason he has so many friends.

Not only in his own district, which he has represented for ten years, but all over the greater city, Riordan is known as Happy Jack. From morning until night he can be found in the chapel in the basement of the city hall, ready to join all comers in matrimony with the tie that binds.

One of the reasons urged by those who want to move the marriage bureau is that the basement of city hall is dark and dismal. But another reason urged is the allegation that the aldermen who hang around the city hall for the purpose of performing

CURRENT OPINION

Self Sacrifice the Source of All Lasting Good

We have had it dinned into our ears by essayists, learned professors and the clergy that our age was given over to materialism and that the modern man's god, whether he carried a dinner pail or hired a French cook, was his belly.

We know better now. It is before all preceding ages an idealistic age.

Jesus said: "Man cannot live by bread alone," and because this is mysteriously, eternally true, and only because it is true, the nations are steadily swooping forth today, old men and boys, nobles and common men, rich men forsaking their riches and poor men braving deeper poverty. And what for?

Just to give the best they have to the best they know.

Self sacrifice may be and sometimes has been, misdirected. If so it will fail of its immediate purpose, but it is the root and source of all lasting religion.

—By Rev. Dr. W. S. Rainsford, Eminent Divine.

GRANGE SEWING CIRCLE

Entertained By Mrs. Benfield at Her Home Thursday Afternoon.

The Grange Sewing Circle was entertained by Mrs. Amon O. Benfield at her home on Thursday afternoon. Fifteen ladies were present in the afternoon and held a business meeting, also a committee meeting for the Pomona dinner next Thursday. The ladies devoted the remainder of the afternoon to sewing for a sale to be held sometime in the near future.

At 6 o'clock supper was served, the menu embracing baked beans, brown bread, hot rolls, potato salad, fancy pies, assorted cakes, baked apples with whipped cream, and coffee.

The husbands came to supper and enjoyed the evening, which was devoted to music and games.

Music was furnished by the pianola, and Miss Pauline Ross gave delightful readings. Cards were also enjoyed.

The company dispersed at a late hour after enjoying a most pleasant evening.

HEARING ON BILL.

No Opposition to Closing Towns in York County to Fishing.

A hearing has been held by the Maine legislative committee on fisheries and game on the bill to close the towns of York, Wells, Kittery, Ellot, South Berwick and North Berwick, to fishing. Representative Littlefield of Wells appeared in favor, but said that the Berwicks should not have been included. Dr. C. M. Sleeper of South Berwick, with the exception noted, didn't oppose the bill to any great extent, but did not think it was class legislation.

Many other matters of a special or private nature governing lakes and rivers were taken up at the hearing but there was no opposition to any of them.

THREE ADMIRALS TO BE CHOSEN BY PRESIDENT

Fletcher, Howell and Cowles Likely
to Be Named, Naval Men Say.

Washington, March 4.—The names of Rear Admirals Fletcher, Howells, and Cowles, commanders of the Atlantic, Pacific and Asiatic fleets, were brought forward in naval circles tonight as President Wilson's probable selections for three new admirals of the navy just authorized by Congress. Speculation over the designation of the three vice admirals who will be second in command of the fleets, centered about the names of Rear Admiral Caperton, next in rank in the Atlantic fleet; Rear Admiral Winslow, now at the Newport War College; Rear Admiral Knight, president of the War College; Rear Admiral Mayo, commanding the first division of the Atlantic fleet; Rear Admiral McLean, commander of the fourth division, and Rear Admiral Elske, and for operations in the navy Department.

The law authorizing the creation of the new grades directed that the admirals and vice admirals would retain such ranks and pay only when actually serving in command at sea. When detached for other duty they will return to their regular grades and salary. For the admirals annual pay of \$10,000 is provided, and for vice admirals, \$8,000.

The designation of the new officers will not effect the status of Admiral Dewey, who will retain the title of "Admiral of the Navy," a grade held in the past only by Admirals Farragut and Porter. The office of vice-admiral was created shortly after the Civil war, but it was allowed to lapse.

The chief of naval appropriations and other new office, soon is to be selected by Secretary Daniels. His duties will involve the use of the fleet in time of war. Secretary Daniels said today that the law creating the new office would enable a more thorough cooperation between the department

and the general board of the navy to be affected, while retaining the leadership of Admiral Dewey in the larger naval problems.

At 1.30 the afternoon session opened with a short business session and then the meeting was open to the public. Professor Hichins of the University of Maine, gave a very fine and instructive address on "Orcharding." A humorous reading, "Ain't It?" was given by Mrs. H. C. Moody of Kittery, and remarks were made by various ones present. Musical selections were rendered throughout the afternoon by an orchestra.

The session closed with a very spirited discussion on the subject of "Energy vs Education." This discussion proved to be very interesting and helpful.

The following delegation from Kittery Grange returned on the 5 o'clock car: Mr. and Mrs. A. H. Brackett, Mrs. J. E. Burnham, Mrs. George Frost, Mrs. Edward Mayo, Mrs. Walter Fernald, Mrs. Grace Moore, Mrs. George Woodward, Misses Allie McIntire, Lillian Goodrich, Susie Baker, Elbet Moore, Grace Hichins, Charles Frost and Charles Tobey.

GAS, HEARTBURN, INDIGESTION OR A SICK STOMACH

"Pape's Diapiesin" ends all
stomach distress in five
minutes.

Time if Pape's Diapiesin will digest anything you eat and overcome a sour, gassy, or out of order stomach surely within five minutes.

If your meals don't fit comfortably, or what you eat lies in a lump of food in your stomach, or if you have heartburn, that is a sure sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin, and take a dose as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and besides there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digest it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty cent cases contain enough "Pape's Diapiesin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

ODD FELLOWS VISIT EXETER

A delegation of fifty members of Osgood Lodge, I. O. O. F. left this city at 6.30 o'clock on Thursday evening on a special car for Exeter, to attend the 14th annual meeting of District No. 5, held there.

The attendance was large, there being delegates present from Hampton, Newfields and Newton, besides from this city.

Joseph Kershaw, Noble Grand of Sagamore Lodge, No. 9, presided, Grand Master Walter H. Tripp of Short Falls, Deputy Grand Master George W. Pike of Lisbon, Grand Secretary Frank G. Way of Manchester, Grand Warden Frank M. Cilley of Exeter, and others spoke.

Sagamore Lodge No. 9, of Exeter, conferred the initiatory upon five candidates. Past Grand Israel M. Schurman of Osgood Lodge of this city, exemplified the secret work of the first degree, and Past Grand Charles Smith of Sagamore Lodge, exemplified the work of the second degree upon candidates.

Following the work an excellent turkey supper was served. The evening was very enjoyably passed by all in attendance. The return of the Portsmouth delegation to this city was made at a late hour, leaving Exeter at 11.30 o'clock.

Austria Loses Best Artillery to Russians.

Geneva, via Paris, March 4.—Austria, according to information received here from sources that are considered reliable, lost much of her best new artillery in the recent fighting in East Prussia and northern Poland. The guns lost are said to include 23 batteries of 305 millimeters and a number of 135 millimeters.

In the regions surrounding Plock, Kutno and Zlitz alone nine complete batteries are said to have been captured by the Russians, while nine others were destroyed.

FIVE HURT IN TRAIN WRECK

Smoking and Baggage Cars
Roll Down Bank.

Cambridge, Vt., March 4.—Five persons were severely hurt when an east-bound passenger train on the Burlington and Lamoille branch of the Central Vermont railroad derailed near here today. Two of the cars plunged down a 30-foot embankment.

The injured are: O. A. Tufts of Lancaster, N. H.; R. Bobeleaux, W. L. Alexander and H. L. Clay of Burlington, and W. A. Cronin, an express messenger of Burlington. Their injuries are not expected to result fatally.

The tender, combination and mail car, and the smoker took the plunge, while the passenger car remained on the track. Traffic was interrupted for a short time. The cause of the accident is not known.

PARISH SOCIAL.

Entertainment and Refreshments Served at Court St. Christian Church.

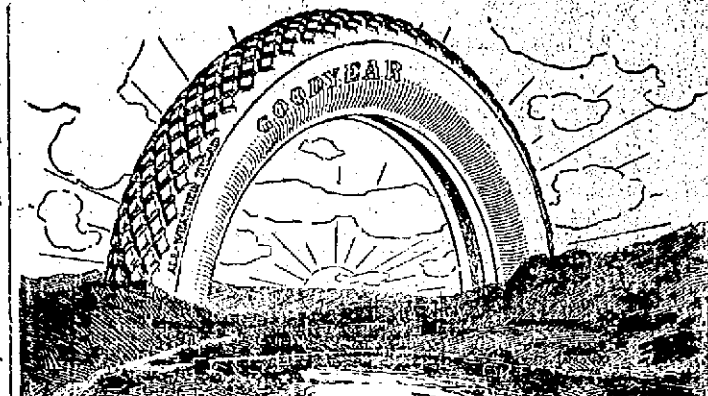

One of the most enjoyable social gatherings of the season was the parish social held at the Court Street Christian church on Thursday evening, with a large number of people in attendance.

The vestry was arranged as a large reception room with rugs and easy chairs, and center table, on which was stationed a large bouquet of cut flowers. Games were indulged in the first part of the evening and soon everyone had melted into the social atmosphere, and a very congenial social it proved to be.

A program was rendered consisting of selections by the church quartet, composed of Mrs. Richardson, soprano; Miss Blibrock, alto; Mr. Smart, tenor; and Mr. Ward, bass.

Refreshments were then served, consisting of hot chocolate, Russian tea, fancy wafers and cakes. The tea table was very pretty, on which was a large lamp, with a pink crepe paper shade which was very attractive. Mrs. May C. Caswell and Mrs. G. W. Shapleigh poured at the tea tables.

The young ladies who served looked quite charming in their gowns of dainty white, with quaint little caps fashioned of pink crepe paper. The servers were the Misses Florence Gard-

Fortified Tires Now in the Light

The supreme test of a tire is to hold top place—the place in the sun—and for years Goodyear tires have done that. Long they have led, both in sales and prestige.

Men expect much of the top place tire. They look for a superior in it. Any seeming fault, due to mishap or misuse, becomes a defect in this glare.

But Goodyear Fortified Tires, after years in this light, hold higher place than ever. Last year men bought 1,479,883 Goodyears of the pleasure-car type alone. That's about one tire for every car in use.

Who Is Wrong?

Is it the Goodyear user, whose choice is confirmed by some 400,000 others? Or is it the man who still assumes that another tire is better?

Isn't best average service, as proved by Goodyear supremacy, the right way to judge a tire?

Lower Prices

On February 1 Goodyear made the third big price reduction in two years. The three total 45%.

Yet the tires are constantly bettered. In five costly ways—each exclusive to Goodyear—our Fortified Tires excel any other tire built. And each is a great trouble-saver.

They mean most for your money, because of our matchless but-but. For your own sake, try them. The following Goodyear Service Stations will supply you:

CONGRESS ADJOURNED AND PRESIDENT SIGNS SEAMAN BILL

Washington, March 4.—Congress adjourned today sine die. The senate adjourned at 12:04 p. m. and the house adjourned at 12:18 p. m. The total appropriations of the session were approximately \$1,120,000,000, several millions under the record of previous congresses.

As appropriations for postal service and the Indian office were extended another year.

At the closing hours President Wilson signed the Seaman's bill, the new resolution empowering him to send ships leaving American ports to supplies for belligerent warships.

Col. George W. Goethals, a major-general for his services as commander of the Panama canal and governor of the Panama canal and governor of the work.

The administration ship bill, the Appala bill, the conservation bill, and the provision of the Ag-

gricultural bill and ratification of the treaties with Colombia and Nicaragua.

All hard pressed administration measures failed of enactment.

In the senate several members long prominent national figures—among them Senators Root and Burton—stepped back into private life as the curtain fell. In the house Democratic leader Underwood said good-by, to sit in the next senate, and three score or more members retired.

For many minutes before adjournment there was a lull in the senate. Absolutely no business was transacted. Senator Simmons paid a tribute to Senator Perkins of California, who retired at noon. Senator Perkins sat for a moment in contemplation of the tribute. Then he slowly half rose from his seat, slowly waved his hand toward the North Carolina senator and his colleagues in a gesture of farewell, and took his seat again, too overcome with emotion to speak.

Senator Gallinger offered a resolution of thanks to Vice President Mar-

shall for his services as presiding officer of the senate.

BOSTON LETTER

Boston, March 5.—The executive committee of the Massachusetts Real Estate Exchange has written a letter to Governor Walsh asking that he act on the matter of the disclosures in connection with the port of Boston situation. The communication calls attention to the appalling responsibility that has been created and severely rebukes the early errors committed, it claims by them, by the officials in charge. These egregious errors are summarized as follows: "The port directors failed to take the necessary initial steps to secure complete plans for the comprehensive development of Boston harbor. The port directors followed the amazing course of cancelling the \$70,000 a year lease of Commonwealth Pier to the New Haven road, and then proceeded to spend more than \$1,000,000 on the same pier to secure an income of \$50,000 a year. In the first instance the Commonwealth had a sure net income of \$70,000 a year without the expenditure of a dollar. Under the agreement with foreign steamship companies, the Commonwealth faces a deficit in income of over \$300,000 a year. The port directors thereupon continued their businesslike methods and proceeded to make new contracts on a basis of cost-plus percentage, a system of double profits to the contracting beneficiaries. An appeal is made to the governor to send a message to the legislature urging that a comprehensive survey of harbor development be made by experts."

People who are to be agricultural advisers cannot be passed upon by the civil service is the contention of Professor Hurd of the United States Department of Agriculture. Temperament, personality and practical experience are the qualifications needed, and the civil service would often be a bar to persons possessing all these things.

The committee on Public Health of the legislature has been forced to listen to doctors and druggists, and to hear of disease and death in many horrible forms, but has just had its first experience with undertakers. They mean to oppose the petition of Representative John N. Levin to place all undertakers under the supervision of the State Board of Registration in Embalming. The aim of the bill, Levin explained, was to prevent an undertaker whose license had been revoked by the State Board of Health in any city or town, securing another license and resuming business in the same community where his other license has been declared void.

The petition of A. Taintor that the state house be kept open on Saturday afternoons and holidays to the public, was turned down by the committee on State House and Libraries, much to the joy of some employees in the building.

The one thing to do now, instead of talking of how much land the state is going to take doing it, is to go ahead and complete the west wing of the state house, declared A. P. Langtry, former chairman of the committee on State House building. Sergeant at Arms Dedrick, seconds this motion, and adds that the state would save \$10,000 thereby in rentals now paid for outside quarters.

THEATRICAL TOPICS

Gladys Alexandria with the Miracle Man at Portsmouth Theatre Mar 5

THE MIRACLE MAN

No play in recent years has excited the comment occasioned by George M. Cohan's powerful dramatization of Frank L. Packard's wonderful story. The Miracle Man, Mr. Cohan's play is intensely dramatic, yet thoroughly amusing and pleasing human with all. First and foremost it is good drawn and as to from the tremendous theme to which it gives voice it is brilliant comedy passages that are as thoroughly comical as any quantity original, and as cleverly contrived as anything Mr. Cohan has ever written. While the humor is as keen as in Get-Rich-Quick-Wallington and the all, first and foremost it is good

as in The Seven Keys to Baldpate, and the character drawing as strikingly true to life as was his work in Broadway Jones, yet The Miracle Man sounds a powerfully reverent note that is as clear and as potent for lasting good as was the beautiful message conveyed in those two wonderful plays. The Servant in the House and The Passing of the Third Floor Back. Moreover, Mr. Cohan's play is in no sense a mere sermon, staged in a theatrical manner, it is simply a great play bearing a great message, that cannot fail to find a lodgment in the heart of every hearer. The superb cast that has appeared at the Astor Theatre for half a year will be seen in The Miracle Man at the Portsmouth Theatre this evening.

Quartet assisted by Mrs. Priest and Miss Dondero

At the conclusion of the program the Naval Band played dance music, and dancing was enjoyed by many, while others devoted themselves to bowling, and inspection of the room was made.

The assemblage included the officers and families of the navy and marine corps, and the prominent people in this city who contributed to the aid of the Seaman's Home.

Refreshments were served and a social time was enjoyed by all present.

Great credit is due the genial captain Hill for arranging so successful an entertainment, and the entire affair met with such great approval, that the invitation could not possibly be extended to the public on this occasion, but Captain Hill hopes to arrange another affair of this nature at which the public will be cordially invited.

FURTHER AID TO NAVIGATION

Petition Being Circulated Asking for Flashing Post Light in Harbor.

A petition is being circulated in this city and in Kittery, through the efforts of Piscataqua Harbor, No. 53, asking that a flashing post light be placed on the southwestern edge of Pumpkin Island, because of the increased passenger traffic in this vicinity.

Pumpkin Island is just south of Budger's Island, lying between that and the navy yard. There is great danger of running aground on that point on a dark or foggy night, and it is to avoid this that such a light is asked for. Boats going to and from Kittery and Portsmouth, and to and from this city and the navy yard, and in fact all boats going up and down the river would greatly profit by the proposed light. It is hoped that the efforts of the petitioners will be successful.

Plenty of Bargains Still Here

IT WILL PAY YOU TO BUY NOW
AND SAVE MONEY

SUITS, COATS, SKIRTS, WAISTS, FURS,
SILK AND SERGE DRESSES

Most are of the New Spring Styles, at less than the cost of the materials.

Every garment in the store must be sold out during this week's selling to make room for the carpenters and painters.

Come early while the pickings are good.
